Summary

Front-end Developer skilled in React.js, JavaScript, and responsive design with hands-on project experience.

Education

Shri Balaji mahavidhyalai

Aug 2021 – Oct 2024

Bachelor Of Computer Applications (BCA)

- Built multiple front-end projects using HTML, CSS, JavaScript, and React.js.
- Solved 150+ DSA problems on platforms like LeetCode & GeeksforGeeks.

Skills

- HTML, CSS, JavaScript, React.js, Redux, Tailwind CSS, Bootstrap
- REST APIs, Git, GitHub, Java (Basic), DSA
- Responsive Design, Cross-Browser Compatibility, UI Optimization

Projects

E-Commerce Website

[Live](#) [Github](#)

Developed a comprehensive e-Commerce website using React.js, designed to provide users with a seamless and engaging shopping experience.

- Responsive Design: The website is fully responsive, ensuring an optimal user experience across various devices, including desktop, tablet, and mobile phones.
- Product browsing: Users can explore different product collections, view detailed product information, and add items to their cart.
- Search Functionality: Integrated a search bar to allow users to quickly find products.

Eureka Ai (Gemini Clone)

[Live](#) [Github](#)

Developed a Responsive Web Application using React, ensuring compatibility across various devices and screen sizes.

- Used React's Context API to manage global state, enabling efficient data sharing across multiple components.
- Designed and integrated dynamic UI components, including a sidebar and main content area, with interactive features and animations.
- Successfully deployed the application on Vercel, ensuring seamless continuous integration and delivery for rapid development and deployment cycles.

Weather App

[Live](#) [Github](#)

Built a responsive Weather App that fetches real-time weather data via API, showing temperature, humidity, wind speed, and conditions based on user input.

- Fetches and displays real-time weather data.
- The user can search for any city to get weather updates.
- Error handling for invalid city searches.

Certifications

DSA & Full-Stack Development Bootcamp

Devsnest Pvt. Ltd. — Nov 2021 - Jul 2022

- Completed a 7-month intensive bootcamp
- Learned Frontend Development (HTML, CSS, JavaScript, React.js) and core DSA concepts
